Gadsden Museum of Art and History is for You!

GMA Goals

One of the goals of the **Gadsden Museum of Art and History** is to maintain a museum dedicated to Southern artists. **GMA** features works of Southern art and artists and houses an extensive permanent collection of paintings, sculptures, and prints. In addition, the museum hosts a series of changing exhibits featuring the works of local and regional artists.

Another **GMA** goal is to maintain a museum dedicated to the history of Gadsden, Etowah County, Alabama and the Southeast. An awareness and appreciation of local history is fostered through exhibiting artifacts, antique properties, furniture, photographs, decorative arts, and items of local and area historical significance..

Perhaps the most unique feature of **GMA** combining both art and history is the **Virtual Museum** open 24/7 in the windows of the businesses on Broad Street. By mounting exhibit of museum quality reproductions and exhibits in the glass store fronts of the main street of downtown Gadsden, we make the city into a museum with an entrance at every intersection and our citizens already inside.
